CONVICTION IN MILL CASE.

Jury Returns a Verdict of
Guilty In Trial of J. B.
Galbreath.

END OF HARD FOUGHT CASE.

Quite Likely That Mr. Gal-
breath Will Appeal
the Case.

The jury in the second trial of John B. Galbreath, charged with illegally receiving a dividend of \$420 on Dec. 1, 1908, when he knew the Acme Mills and Elevator Co., of which he was secretary, to be insolvent, returned a verdict of guilty. The jury, composed of Todd county men, brought in a verdict of two years Tuesday morning. The former trial resulted in a hung jury, it is said ten being for conviction. It was a joint indictment originally, but since the conviction of R. H. DeFreville, the indictment had been resubmitted and a new one was returned at this term of the court. Mr. Galbreath had been under bond during all of the trials and was not taken into actual custody until the case was submitted. A new trial will no doubt be asked for by his attorneys and quite likely an appeal will be taken in the event the motion is overruled.

The verdict of the jury was signed by R. M. Shanklin, as foreman, and the other jurors were J. W. Crawford, B. S. Scott, J. D. Jolly, R. A. Adams, J. M. Tresch, C. F. Wright, W. A. Mobley, W. J. Moore, T. E. Crawford, G. N. T. Latham and G. L. Salmon.

CIVIL CASES.

Things are running along in Judge Hanberry's court smoothly, the cases docketed being disposed of as rapidly as possible. The civil docket has the right of way this week. The most important case yet before the court is that of Volney Gamble's administrator against the L. & N. R. R. Co. and the Mason-Hanger Co. This is a suit for \$10,000 damages for the killing of Gamble by a train of the L. & N. at Crofton. The Mason-Hanger Co. were the contractors for changing the grade and course of the L. & N. The plaintiff takes the ground for action that Gamble was killed by the negligence of both the contractors and the railroad and made both defendants. The plaintiff is represented by Downer & Russell and Hiram Brown. The L. & N. by Judge Joe McCarroll, its local attorney, and C. H. Bush; Mason-Hanger Co. by Gordon, Gordon & Cox, Madisonville. The case was called and trial begun Tuesday morning and the evidence concluded yesterday about noon. The afternoon was consumed by speeches on both sides.

THE CARNIVAL

Beginning Monday, Will Be a
Clean Place For All.

Under the auspices of the Third Infantry Regiment Band the Moss Bros. will hold a carnival all of next week. Mr. Lew Lavelle, the advance agent, has been in the city this week making arrangements for the care of the carnival company, advertising, etc.

The band is back of the company and guarantees that every exhibition is clean and worthy of the patronage of everybody. The shows are given for ladies, children and gentlemen and are all moral and first class attractions. The Mayor and the council have been asked to at any time enter all the places of amusement without notice and see that nothing calculated to affect good morals is put on. This is certainly prima facie evidence that all who want a few hours of recreation and amusement can attend the carnival without in any way compromising themselves. Every body needs rest and innocent fun. You will find it at the carnival.

MORE BAND CONCERTS

Director Says That They Will
Be Continued.

Mr. Lebkuecher, director of the Third Infantry Band, says that the people have so highly appreciated the series of six open air concerts that they will be continued this month and through part of November, if the weather continues warm. He says his band had just as soon practice before the people as in their room, and as long as the weather permits they will play every Tuesday night at the Metcalfe lot. The crowd out Tuesday night was probably the largest of the six nights of the season.

ELKS HOME

Open To Eastern Star Dele-
gates During Grand Chapter
Meeting.

The Grand Chapter of the Order of Eastern Star will meet in this city Oct. 23 to 25 and about 400 lady delegates from all over the state are expected. At the meeting of the Elks Lodge Tuesday night, the Lodge by a unanimous vote extended the privileges of the club rooms to the visitors during their stay in the city.

Hugged To Death.

Samuel J. Johnson, a Georgia negro preacher, who had been holding meetings, is dead as a result of being hugged to tight, according to a dispatch. The preacher created so much enthusiasm over religion that members of his flock, both males and females, rushed to the pulpit while the services were going on and began to embrace him, shouting and singing as they squeezed, until the minister collapsed and death resulted.

THE STORY OF "THE AVALON."

Showing How a Man Can
Erect His Own Monu-
ment.

HONOR TO WHOM HONOR IS DUE

Help Build Your Town If You
Would Gain Re-
ward.

It matters not where Thomas L. Metcalfe got the name of "The Avalon" for the building now in process of erection. It might have been suggested to him while reading Tennyson, but hardly, for he is always too busy to devote much time to reading. But as he is always on the move he might have stumbled up on Celtic mythology, and after seeing that Avalon was known by some as "the Land of the Blessed," or the "Isle of Souls," he might have concluded that his place of rest for ladies in town shopping could not be better named than by calling it "The Avalon." He might have chosen a word that could be more easily remembered but not a prettier. It is a nice word and has a flavor of romance and a tinge of poetry and slips off the tongue as easily as a jelly-fish out of the hand.

The name is all right and the building will be all right when completed. The work on the building has been going on during the summer, but it will take some time yet to complete it. The lecture room will be a great resort for different kinds of home entertainments, lectures, concerts receptions, committee meetings, or for any purpose that ladies may choose to use it for, and without price. We know the Hopkinsville people will appreciate the efforts of Mr. Metcalfe in furnishing a place of this kind for the many purposes for which it will be adopted. It is like giving a town a park or a hospital or a library. If Mr. Metcalfe were a wealthy man though, the city might have all those things through his liberality.

The man who is always gathering and never giving is not the happy man. It is he that considers the needs of others and lives for the purpose of helping everybody that he can. Such a man is the one that is building "The Avalon." Whilst he asks no one to "chip in" and help him carry out his project for the benefit of the people, he does ask their support in an indirect way. Why anybody should fail to encourage him in his laudable undertaking we fail to understand. He only asks those who need laundry work to go to him and let him do it. He gives you a ticket calling for a certain amount of work and the amount you pay goes toward paying for the building that he is putting up. It

WARDEN CHILTON

In the City Attending to Com-
missionership Business.

Looking as fresh and clean as a pump speaker going through a campaign, John B Chilton, the new and efficient warden at the Eddyville penitentiary, was in town Tuesday shaking hands with his many friends. He came up Sunday afternoon to attend to some of the business formerly in his hands as Master Commissioner.

From what Mr. Chilton says there is a general misapprehension as to the changes to be made at the two State prisons. Whilst the Frankfort prison will be known as a house of reform for minor violations of the law and the Eddyville prison will retain its present name, there will be no exchange of prisoners. The Board of Control will weed out the worst criminals at Frankfort and have asked the courts when passing sentence on convicted persons to send those of lighter violations of the law there. What the Board of Control is very wisely looking to is to keep the younger victims of the law from coming in contact with the older and more confirmed class of criminals.

will really be the people's building and every man, woman and child should have a brick in it. Not one man in a thousand would do this for his town people.

It is gratifying to note that many have liberally responded to Mr. Metcalfe's call on the people to help himself—but themselves. All that he asks is a continuance and he will do the rest.

Some day, when this public-spirited, ever strenuous man has accomplished his task and the passing years have told upon his zeal for others, when old Hopkinsville has become what he wants to see it, he will be pointed out as one of the men who helped to make Hopkinsville what it is. Surely such a citizen will be honored and the tireless energies of his young manhood, spent for the upbuilding of the town and his desire to improve the opportunities of all, will be appreciated, and "The Avalon" will stand as a monument to his industry and pluck. Yes, we say pluck, for if he did not have this element of success of immeasurable quantity in his make-up, he never would have undertaken what he soon is to accomplish.

He has had his struggles in getting a start in the world, but these struggles have made a man of him. Difficulties and discouragements have often blocked his way, but his inherent strength of character and indomitable will power have always swept them away. All who help him help themselves. Handing him \$5 or \$10 is simply helping yourself, with compound interest, for he gives you back full value and you, in a sense, become a partner in "The Avalon."

The Twentieth International Irrigation Congress came to a close today with a grand ball and reception. Maj. Richard W. Young, of Salt Lake, was chosen president and Phoenix, Ariz., as the next meeting place of the congress.

Another German airman, August Birkmeier, was killed Friday. He was flying around the aerodrome at Hanover in his monoplane when, in making a curve, one of the wings tipped too far and caused the machine to crash to the ground from a height of 50 feet. He was dead when picked up.

It took Admiral Southerland—who, by-the-way, married a Hopkinsville girl—only a week to clean up the Nearctica revolution, capturing G. M. Mead and killing Gen. Zeledon, the two leaders. In the scrap four American marines and several hundred rebels were killed. The marines were Ralph V. Bell, Nevada, Mo.; Clarence H. McGill, Portland, Me.; Harry Pollard, Medway, Mass., and Chas. H. Durham, Junction City, Ky. The fight lasted only 37 minutes, and took place near Masoga.

The Danger After Grip

lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by All Druggist. Advertisement.

STREET FAKER'S CONFESSION

Declares Watch Chains He Sells to Buckers for 50 Cents Cost Him Less Than Five.

The evening of the Waggoner jubilee in Atchison a street faker stood on the corner and sold watch chains for 50 cents each. Late that night on the depot platform he said to a Globe reporter: "I didn't get in town until 4 o'clock in the afternoon, but I succeeded in selling 48 chains at 50 cents each. I actually cleared more than \$15 and didn't get here until the crowd was going away. If I had arrived here early I would have made at least \$50 or \$100. I can buy all the chains I want for less than 10 cents each. Did you hear the spiel I made? I told the crowd that the chains were made of metal we call Cubanola. I told a long story about how a party of explorers found this strange metal in the wilds of Cuba and how they first thought it was gold. They had it examined and found that while it was not gold it looked the same and could not be told apart except by an expert. Then explaining that only a few of these would be sold in each town simply as an advertisement I proceeded to sell them almost as fast as I could hand them out of my satchel. Often I take out my own chains to look at them and to wonder why people buy them. I venture you can find better chains at your 5 and 10 cent store. A good street faker makes good money. I will average between \$50 and \$100 a week and don't work very hard, either." The faker owns a 240-acre farm back in Illinois and has sufficient income to keep him the rest of his life. However, he said, there was a certain fascination about working suckers and he would probably keep it up until he died.

KNOWS BOY QUESTION.

Thomas Chew, whose advice and counsel is sought in all sections of the country where boys' clubs are in operation or being organized, has been superintendent of the Boys' Club of Fall River, Massachusetts, for twenty-three years. He knows the boy question as few men in this country know it. At eight years of age he worked in the mills at Lancashire, England. Four years later his parents came to America, and the lad went to work in the Fall River mills as a weaver. He managed to educate himself, quit the mills, and was appointed janitor of a branch of the Y. M. C. A. Then came the club organization. Now it is housed in a \$20,000 home, with a membership of over 2,000. Seventeen nationalities are on the roll.

Applicant—Yes, sir; that's why I'm here now.—Boston Evening Transcript.

Woman's Greatest Trouble.

Big Sandy, Tenn.—Mrs. Lucy Cannell, of this place, says: "Every two weeks I had to go to bed and stay there several days. I suffered untold misery. Nothing seemed to help me until I tried Cardui, the woman's tonic. Although I had been afflicted with womanly weakness for seven years, Cardui helped me more than anything else ever did. It is surely the best tonic for women on earth." Weakness is woman's greatest trouble. Cardui is woman's greatest medicine, because it overcomes that weakness and brings back strength. In the past 50 years Cardui helped over a million women. Try it for your troubles today. Advertisement

A COMPARISON.

From Pompeii we went to Vesuvius. At the end of the inclined railway Mr. Towers, who is an engineer by profession, refused to go any further. The wind was blowing a hurricane and there was a perfect storm of gravel and sand. I was sure I had seen just as bad at Rawlins, Wyo., and Mrs. Cosgriff, Miss Towers and myself started for the top. The storm finally became so bad that we were unable to reach the top. We were strongly reminded of the Irishman who remarked that climbing Vesuvius was like trying to kiss his sweetheart: "It was so difficult to reach the mouth of the crater."—Rome letter in Salt Lake Tribune.

ORIGINAL OWNERSHIP.

It is not probable that private ownership antedated common ownership. It is almost settled that joint ownership, and not separate ownership, is the really archaic institution. There is the strongest reason for believing that property once belonged not to individuals, or even to isolated families, but to larger societies on the patriarchal model. In fact, common ownership, or what is known as the "patriarchal system," is proved to have been the rule in all countries prior to the later historic period.

We like fine writing when it is properly applied; so we appreciate the following burst of eloquence in a contemporary: "As the ostrich uses both legs and wings when the Arabian courses bounds in her ear—as the winged lightning lea from the heavens when the thunderbolts are loosed—so does a little negro run when a big dog is after him."

Ryan Suicides.

Thomas J. Ryan, for many years
Democratic leader in Philadelphia,
ended his life yesterday by shooting.

Painful Injury.

While playing with percussion caps
Monday afternoon, George Cham-
lin, the little son of Mr. G. H. Champlin, was painfully injured by
a piece of copper that struck his
face. He was trying to drive a cap
into a log when it exploded.

\$100 Reward, \$100

The readers of this paper will be
pleased to learn that there is at least one
disease that science has been
able to cure in all its stages, and that is
Cataract. Hall's Cataract Cure is the only
positive cure now known to the medical
fraternity. Cataract being a constitutional
disease, requires a constitutional treatment.
Hall's Cataract Cure is taken
internally, acting directly upon the blood
and mucous surfaces of the system, thereby
destroying the foundation of the disease,
and giving the patient strength by
building up the constitution, an assistance
in doing its work. The practitioners
have as much faith in its curative powers
as they have in their own. One Hundred Dollars
for any case that it fails to cure. Send
for list of testimonials.

Clothing Factory Burns.

Fire destroyed the part of the
Old Hickory Manufacturing Company
at Clarksville, Tenn., entailing
loss of \$40,000.

Lost Little Daughter.

Pauline, the 9-year-old daughter
of Dr. M. E. Crofton, died
Monday night of a complication of
diseases.

Married 63 Years.

Mr. and Mrs. Ira F. Ellis celebrated
the 63rd anniversary of their
marriage yesterday. Both are aged
88 years and in good health. They
have been married longer than any
couple in this city, or perhaps in this
part of the state.

Foot Ball.

High School will play Adams High
School football team tomorrow
afternoon at 3:15 at Mercer Park.
The defeat last week by the heavier
Bowen team has stirred the locals
up and they are determined to put
up the fight of their lives. Admis-
sion 25 cents.

J. Ham Robbed.

The hotel apartment of Col. James
Hamilton Lewis, Democratic candi-
date for United States senator, was
robbed in Chicago. The police have
been notified that jewels to the value of
between \$5,000 and \$10,000 were
stolen.

Still On A Boom.

Hopkinsville Lodge No. 545 B. P.
O. E. is still having a rush of new
members, nearly 30 having been
added recently. The membership
Oct. 1 was 317 and 5 have been initia-
ted since that date and several other
candidates are awaiting initiation.
The lodge is trying to get 50
new members during the year.

Box Supper Tomorrow Night.

The Box Supper at Iron School
House will be given tomorrow night,
Oct. 11, the date in last announce-
ment being erroneous.

Ghostly Realty.

"Ghostly realty" does sound in-
congruous, as ghostly and realty are
directly opposite, and the sale of a
lot in a graveyard at public auction
for debt is something new, if possi-
ble, in the line of an auctioneer.
This sentence was suggested by a
notice of sale of Lot No. 53 in the
City Cemetery at the court house
door. The proceeds of the sale were
to satisfy a claim for debt, after
costs had been paid. The sale was
made Monday.

Rolling Sale

BEGINS SATURDAY, OCTOBER 12TH.

Following a system established in this house twenty years ago—"if we buy a bargain we sell a bargain"—Saturday, October 12th, we place on sale thousands of dollars worth of new, dependable merchandise that our great buying organization enabled us to buy at a FOURTH to a HALF less than value. This is all new, fresh merchandise, such as you need NOW. Remember, this is no cut sale, no slaughtering of prices, on account of being overstocked; but we are simply handing you the profit we could make on TWENTY THOUSAND DOLLARS worth of merchandise and ask that you take the goods home, examine them carefully and if you are not satisfied bring them back to us and get your money. We set down the quantity of each item, when the lot is sold no more may be had. You'd better come the first day, as many lots will not last more than one day.

Sale Begins Saturday, October 12th, and Continues Until Lots are Sold Out.

BULL WENT UNSCATHED

No Kitty League Players Got \$50 Awards Last Season.

In looking over the official records of the 1912 season it is clearly evident that in the batting department at least the players have been far excelling past records. The reason for the unusually heavy hitting can be readily understood by any regular patron at any baseball parks throughout the country.

In practically every park of any importance there is located one of the famous Bull Durham signs. Every player hitting the Bull with a fairly batted fly ball during a regularly scheduled league game receives \$50. Any player making a home run in one of these parks received seventy-two packages of Bull Durham smoking tobacco.

During the 1912 season there have been 208 hits recorded against the Bull Durham signs, which hits have netted the fortunate players the enormous amount of \$10,400. In cash.

There have been approximately 2,500 home runs made in these parks for which the heavy players have received 180,000 packages of Bull Durham smoking tobacco.

A special report of the work in the K. I. T. League is given herewith.

Clarksville, Tenn.—The Bull sign was not hit. There have been 33 home runs in the park for which the heavy hitters have received 2376 packages of Bull Durham smoking tobacco.

Evansville, Ind.—The Bull sign was not hit. There have been 45 home runs in the park for which the heavy hitters have received 3240 packages of Bull Durham smoking tobacco.

Hopkinsville, Ky.—The Bull sign was not hit. There have been 3 home runs in the park for which the heavy hitters have received 216 packages of Bull Durham smoking tobacco.

Paducah, Ky.—The Bull Durham sign was not hit. There have been 13 home runs in the park for which the heavy hitters have received 936 packages of Bull Durham smoking tobacco.

League Totals.—The Bull signs in the K. I. T. League have not been hit. There have been 94 home runs made in these parks and as a result the big stickers have received 6768 packages of Bull Durham smoking tobacco.

Transferred To Owensboro.

Owen Isaacs, who has been manager of the Ky. Central Life and Accident Insurance Co. here for some time, has been transferred to Owensboro and he is succeeded by W. L. Mitchell, of Louisville, who formerly resided in Hopkinsville. Mr Isaacs was presented with a fine gold watch by the men under his supervision, given as a token of the high regard in which he is held by them. He will leave for Owensboro tomorrow, but his family will not join him for a month.

A Mosquito Hatchery.

At a rough guess, ten million mosquitoes got out into the open yesterday morning when an unused fire cistern near the center of Main street was opened by the men making the new streets. The cistern is about opposite the Forbes Mf. Co. block and was partly filled with water. When the top was taken off the pests poured out in clouds. The place of ingress and egress was not found.

The cistern was filled with stone and clay and the pests will have to find winter quarters elsewhere.

Resolutions Of Respect.

Whereas, God in his infinite wisdom has seen cause to call from labor to refreshment, our brother Virgil E. Watson, who died September 25th, 1912, at the age of 29 years.

Therefore be it resolved: That Hopkinsville Lodge No. 37 has sustained in the death of Brother Watson, the loss of a faithful member, the community a useful citizen and his wife a loving and faithful companion.

Resolved: That we extend our sympathy to his relatives and friends, and especially do we mingle our sorrow with that of his bereaved wife, to whom his loss is irreparable.

Resolved: That as a mark of esteem and in fraternal remembrance of his many virtues, a page in our records be set apart to his memory.

Resolved: That a copy of these resolutions be sent to his wife and that they also be published in the home papers.

Adopted Oct. 7th, 1912.

NOTICE!

The policy adopted by the Christian-Todd Telephone Company, (Incorporated), in collecting its bills, is, that on the first of each month, all bills become due for service rendered for the previous month, and should be paid at the office of the Company on or before the 10th of the succeeding month for which said service has been rendered.

Failure to pay same, the service will be discontinued without further notice until bill is paid.

The discontinuing of the subscriber's service for non-payment is not a matter of doubt, that he will not pay his bill, but only a matter of system.

There will be no personal favors shown along this line.
